

Wonderful World of Water Day Camp

PENNSYLVANIA
AMERICAN WATER

Combining outdoor fun with learning about water, this year's water camp will be held July 19 through July 23. Register today!

Wonderful World of Water Day Camp

Who: Students - ages 7-11

When: July 19 through July 23

Where: Regional Environmental Education Center in Boyce-Mayview Park in Upper St. Clair.

Sponsored by Pennsylvania American Water in partnership with the Pennsylvania Resources Council and the Regional Environmental Education Center, the fourth annual Wonderful World of Water Day Camp will be held July 19 through July 23 at the Regional Environmental Education Center in Boyce-Mayview Park in Upper St. Clair. Best of all, it won't cost a dime!

We've combined outdoor fun with learning about water—a resource that's so essential to life, and yet often taken for granted. Day campers will explore watershed basics, learn how human activity on the land affects the quality of water in rivers and streams, and discover solutions to water pollution. Hiking the park's nature trails, conducting water experiments, and making related crafts round out each day's camp activities.

To register your child:

Nancy Martin-Silber, Pennsylvania Resources Council
Phone: 412-431-4449, extension 247
nancym@ccicenter.org.

Registration is limited. A deposit of \$10 will hold a child's space, and the deposit will be refunded upon arrival at camp.

**WE CARE ABOUT WATER.
IT'S WHAT WE DO.**
