

Educating for Sustainability Workshop
Presented by The Pennsylvania Resources Council

WHERE: PHIPPS CONSERVATORY & BOTANICAL GARDENS
ONE SCHENLEY DRIVE PITTSBURGH, PA 15213

WHEN: JUNE 16TH & 17TH 9 AM – 4:30 PM

COST: \$75

The Educating for Sustainability Workshop will give teachers a basic understanding of Air Quality, Watersheds, Alternative Energy/Biofuels & Litter Prevention. The workshop will provide participants with curricular materials, hands-on activities and other useful resources to help them share this information with their students in the classroom. We will also have an opportunity to explore Phipps and learn about the new “Green” features of the conservatory.

Teachers will receive One Act 48 credit upon completion of a project related to the workshop or may choose not to do a project and instead be awarded 15 hrs.

Open to In-service & Pre-Service Teachers !
